Deputy Associate Superintendent Title I and Consolidated Activities  
Arizona Department of Education

### **Session Description:**

When the No Child Left Behind Act was signed in January of 2002, no one anticipated that it would be in force in 1010-2011 school year. Congress has annually extended NCLB longer than its original five year authorization with no immediate end in sight. This session will present the latest information on the fate of NCLB, how the ED's Blueprint for Reauthorization is fairing, and various proposals for moving ESEA into the 21st Century.

### **Presenter Information:**
